FOR IMMEDIATE RELEASE

FLORIDA EYE OPHTHALMOLOGIST CHOSEN 'BEST MEDICAL SPECIALIST' IN BOYNTON BEACH FOR THE SECOND YEAR IN A ROW BY BOYNTON FORUM READERS!

Boynton Beach, FL, October 19th.... Florida Eye Microsurgical Institute's Retinal and Macular Degeneration, Diabetic Retinopathy and Retinal Detachment Specialist Randy Katz, M.D., has been chosen once again as the "Best Medical Specialist" in Boynton Beach for the second year in a row by *Boynton Forum* readers.

"I'm thrilled that Boynton Forum readers chose me as Best Medical Specialist in Boynton Beach," said Dr. Katz, "But I have to say that I think a lot of it has to do with the wonderful staff we have here. I know they do their best to make our patients feel comfortable from the moment they walk in the door until the moment they leave."

Dr. Katz was featured in the October 14th edition of Boynton Forum along with winners of other 'Best Of' categories. "I do consider it an honor and thank everyone who voted for me this past year," said the doctor, who has also gained quite a reputation in town for his eyesight-saving work with several canine patients of a local veterinarian ophthalmologist.

With regards to the contest, ballots are sent out for six consecutive weeks to 35,000 readers each week, and mailed back to the office for entry each day. At the end of the contest they are tallied and the winners and nominees names are announced.

-more-

The Florida Eye Microsurgical Institute offers a full range of comprehensive ophthalmologic care, including routine eye care and examinations, pediatric eye care, dry eyes, advanced corneal, retinal and cataract procedures, laser treatments, glaucoma and diabetic procedures, and various other sophisticated treatments. With its own pediatric wing and fully accredited outpatient surgical center in Boynton Beach, the Institute has additional offices in Boca Raton, Wellington and Juno Beach.

Also at Florida Eye with Dr. Katz is Dr. Barry Schechter, the Institute's Refractive Cataract Surgery, Glaucoma, Cornea & External Disease Specialist, Dr. Lee Friedman, FL Eye's Pediatric, and ROP & Adult Strabismus specialist, Dr. Jonathan Chua, General Ophthalmology, and Dr. Jason Gorscak, Comprehensive Ophthalmology. For more information on the Institute, its physicians and current clinical trials, please contact Gwen Cohan at (561) 736-5050 and visit www.fleyedocs.com.

Randy Katz, M.D.
