

# ***FLORIDA EYE*** *Microsurgical Institute, Inc.*

Thank you for choosing Florida Eye Microsurgical Institute to take care of your eye health and vision needs. We strive to make your visit with us a pleasant experience, offering the utmost quality of care.

Our team of eye care professionals is specially trained in the latest advances in cataract and dry eye care. We offer a variety of lenses, including options to treat astigmatism and reduce your dependence on glasses after surgery. We also offer laser cataract surgery with the LenSx Laser. Florida Eye also offers personalized in office dry eye treatment. Our team is committed to helping you find the most suitable option to meet your personal vision and lifestyle needs.

Please review so you are fully informed on the latest lens implant information and on our dry eye therapy treatment options to decrease your dependency on glasses after cataract surgery and manage your dry eye condition.

Our eye care team is here to serve and support you.
